

A Barn for Peachfield Capital Campaign

Help us raise the Burr-Deacon Barn at Peachfield! The Burr-Deacon Barn was built in 1875, and until it was donated by Miss Mildred Deacon to the NSCDA-NJ in 2014. It was disassembled and stored at Peachfield while architectural and structural engineering plans were made. The NSCDA-NJ needs your help to “raise” the Burr-Deacon Barn so Peachfield can expand its public programming offerings for years to come.
